

## **5310 – Maggie Barron**

**Name of person submitting nomination: Barbara Froehlich**

---

What can I say about Maggie Barron , she is a godsend for our team. As a mother of eight children the demand on her time are tremendous, however she still finds time to volunteer to help out with our team as our official team Mom. She is one of the most giving adult volunteers on our team . I can always count on Maggie to rally the team's spirits during the games and build season. All of her three daughters have been part of the team for the past few years, when the team attends a competition, Maggie is there as well. Waking up well before the 6 am to make sure everyone is one time for the trips. She is continuously recruiting for the team taking about the robotics and how it connects all the aspects of Science, Technology, Engineering and Math, with parents as well as with the students at our school. Maggie travels with both of our robotics teams , FRC Team 5310 and our FLL Team 27901 Eagles and Dragons supporting the team members with motivational talks ,as well as encouraging tremendous team spirit, acting along with her daughters as the team Cheer section. Moreover, Maggie helps promote the team's pursuit of gracious professionalism by reminding the members of both our FLL and FRC teams to considerate and respectful of all of our team's mentors and members along with competing team's mentor and members. I feel that Maggie Barron is a wonderful candidate for the Michael Wade Duel Volunteer Award.
